

212 Make Honor Roll And Break Record At UTMB

The academic honor roll for winter quarter at U-T Martin includes the names of 212 students from 27 counties in Tennessee and from six other states.

To be eligible for academic honors a student must make grades ranging from 3.0 "B" to 4.0 "A" and must carry the full work load required in a curriculum.

Honor roll students for last quarter are as follows:

BENTON — Robert M. Conley (summa cum laude) and Sandra L. Cooke (magna cum laude) Camden

CARROLL — Clyde W. Watson and Wallace W. Watson (magna cum laude) Bruce; Jimmie N. White (magna cum laude) Beuna Vista; Patricia J. Goff, Cedar Grove; Julia M. Grubel (magna cum laude) Martin; L. Brown, William M. Pendergrass, Jr., Kathleen Pratt, Huntingdon; Kenneth A. Bouldin (magna cum laude) and Jimmy J. Houston, McKenzie; Charles D. Atkins (magna cum laude) Kenneth L. Dickson and Larry M. Watkins, Trezevant; Howell W. Todd, Yuma.

Festival Singing Set For Tonight

The 1962 West Tennessee Music Festival concert, featuring performances judged as outstanding in today's festival competition, will be open to the public tonight at 7:00 in the U-T Martin gymnasium.

The choral groups performing today were judged on suitability of selection, intonation, accuracy, blend of voices, interpretation, articulation, phrasing, dynamics and stage presence. The vocal soloists received rating according to their voice quality or placement, memory, stage presence, breathing and phrasing, general musicianship, articulation, interpretation, suitability of selection used and rhythm.

Dr. Clark Rhodes, professor of music education, and Ed. J. Zambora, of the Fine Arts Department of the University of Tennessee, Knoxville, acted as judges for the choral groups and vocal soloists. Judges for the small groups were Mrs. Helen Stout from Paris.

The first West Tennessee Music Festival, sponsored by the UTMB Music Department, was held in 1958 with 27 piano students, 4 vocal solos, 4 small groups and 3 choruses. The festival has become more popular, and participation has increased until this year there were 45 vocal solos, 13 small groups and 16 choruses. The number of piano students has increased to such an extent that a special competition day for piano students was held for the first time April 14.

Vanguard Oscars To Be Awarded May 9

Winners of Vanguard Theatre's best actor Oscars will be announced at a drama awards banquet, sponsored by Alpha Phi Omega, here on May 9.

Participants and guests of Vanguard Theatre will see the presentations of awards to U-T Martin's Best Actor, Best Actress, Best Supporting Actor and Best Supporting Actress. A fifth award will be presented to actors of Vanguard's participants for outstanding achievements in the 1961-62 school year. This award will include the persons who have been in the theatre arts and who have received the most nominations. The trophies will be on display in the Student Activities Building May 19.

The nominations are as follows: Best Actor — Jimmy Ethridge, Don Long and Stanley Whiteway for their roles in *My Three Angels*; George Shankle, Maurice Bugg, and

CHESTER — Wilber J. Goodwin and John W. Stewart (magna cum laude) Henderson

CROCKETT — Charlotte B. Emerson, Sandra L. Rust (magna cum laude) William D. Taylor (magna cum laude), Charles M. Williams (magna cum laude) and Donna K. Williams, Bells; Anita C. Bessent (magna cum laude), Barbara N. Ercolin (magna cum laude) and Kenneth R. Webster (summa cum laude) Friendship; Wanda J. Leggett, Gadsden; Sammie J. Williams, Humboldt

DAVIDSON — Richard H. Rice Jr., Nashville

DECATUR — Larry D. Brasher (magna cum laude) and Dewey L. Britt (summa cum laude) Decaturville; Mary L. Hawkins (magna cum laude) Parsons

DICKSON — Martha M. Scott (magna cum laude) Dickson

DYER — Donnie E. Chevalier, Dyer; Patsy M. Bivens (summa cum laude) and Linda F. Wiley (magna cum laude) Dyersburg; Thomas F. Boals, Kent M. Reasons and John L. Wells, Finley; Ronald N. Massey, Halls; Parker D. Cashdollar, Sara D. Featherston (summa cum laude), Taylor J. Johnson and Larry F. Page, Newbern; Robert E. Hurt (magna cum laude) Trimble.

FAYETTE — Evelyn C. Simmons, Moscow

GIBSON — Sue Lynn Boone, Edward T. Davidson (magna cum laude), Amelia C. McCartney and Sue C. Walker, Bradford; George W. Ingle (magna cum laude) Dyer; Martha T. Barker (magna cum laude) and Jimmy B. Sanders (magna cum laude) Humboldt; Melba J. Bryant (magna cum laude) and Mary C. Cutlip (magna cum laude) Milan; James G. Barrett Jr. (magna cum laude), James L. Byford (magna cum laude), Robert E. Dodd, Bettie L. Powell (magna cum laude) and Paul R. Powell (magna cum laude) Trenton

HAYWOOD — Virginia A. Beard (magna cum laude) Stanton

HARDIN — Janet B. Covey (magna cum laude) Savannah; Jimmy R. Jennings (magna cum laude) Cerro Gordo

HENDERSON — Jesse G. Brasher, Reagan; David L. Spalding, Lexington

HENRY — Jack O. Gales (magna cum laude) Cottage Grove; Jerry D. Crosser (magna cum laude), Ward G. Dougherty (magna cum laude), Lou Ann R. Eastep (summa cum laude), Jerry A. Hicks, Robert C. Lee (magna cum laude), Thurman N. Penick, Austin C. Perry, Donna E. Postlethwaite, Clara B. Taylor (summa cum laude), Judy F. Veazey and Peggy A. Wall, Paris; Jane C. Kemp, Puryear

HUMPHREYS — Frank M. Langford, Waverly

Bids To Be Asked June 1 For Dorm

Plans for an addition to the women's residence hall will be completed by June 1 and bids will be called for around that time, Dean Paul Meek said today.

This addition will house 200 girls and will bring the total capacity of the unit to 445. Reservations for women have increased during the past three years to such an extent that additional housing is imperative, Dean Meek said.

The rapidly growing over all enrollment at UTMB will necessitate the building of additional dormitory facilities for men next year, Dean Meek concluded.

Dorm Reservations For Fall Pick Up

Room reservations for next fall are increasing at a rapid rate, according to Russell Duncan, student welfare officer.

There are 336 room reservations in for women at the present, 116 of these being freshmen women. This is a large increase over the 1954 reservations. At that time the total was only 156.

The total number of reservations for men to date is 163. The men's dorms will accommodate 180 occupants.

Mr. Duncan stated that an increase over last year's enrollment is evident because of the increased room reservations in the dorms which do not include men who will live out in the town.

50 Counties Send Students To UTMB

The final enrollment for spring quarter is 1,085 students.

The largest number of students is from Weakley County with 178 people. The next highest is Obion with 132. Other leading counties are Shelby, 89; Gibson, 83; Dyer, 69 and Carroll, 60.

Students from 50 counties are represented at UTMB.

There are 98 students from Martin, 83 from Union City and 60 from Memphis.

Sixteen states with 71 students are represented at UTMB, with 20 of these from Kentucky. Only one student is from outside the United States.

69 Seniors Are Candidates For 1962 Graduation

All-Sing Groups Receive Trophies

Chi Omega, Phi Sigma Kappa, Freeman Hall and the Freshman class were presented trophies in U-T Martin's first annual All-Sing held on March 30 in the gym.

In spite of bad weather, approximately 500 people attended. Don Tansil, president of the Liberal Arts Club, termed the program "a great success."

Other participating organizations were Zeta Tau Alpha, Alpha Delta Pi, Pi Kappa Alpha, Alpha Gamma Rho, Main Men's Dorm, Main Women's Dorm, Reed Hall, Home Economics Club, and Student National Education Association.

April 30 Is Date 'Night Must Fall'

"Night Must Fall", final production of Vanguard Theatre for this year, is scheduled to be presented April 30 and May 1.

The play will begin each evening at 8:00 p.m. with admission set at 50 cents for students and 75 cents for adults. Reserve seats may be obtained by calling the Speech Office (587-6573) before April 30. All seats reserved not called for by 7:45 p.m. on performance nights will go on sale to the public.

According to Shaw Robinson, director, this mystery thriller not only offers an evening of enjoyment but provides its characters with an opportunity to display acting achievement.

Robinson also stated that this suspenseful drama focuses attention on three characters played by Mackie Hughes, Randy Moore, and Gene Treadway, but by no means slight its other characters portrayed by Maurice Bugg, Peggy Wall, Jackie Hutcherson, Linda Wheeling, and Tom Scott.

Home Economics

The candidates for the Home Economics degree are: Ann Brown, Sharon G. Brown, Ann Brown, Sharon G. Brown, Ann Brown, Sharon G. Brown.

Agriculture

The candidates for the Agriculture degree are: Charles W. Williams, Jr., Charles W. Williams, Jr., Charles W. Williams, Jr.

Liberal Arts

The candidates for the Liberal Arts degree are: Charles W. Williams, Jr., Charles W. Williams, Jr., Charles W. Williams, Jr.

Stewart-Winters To Give Recital

Mrs. Rita Wiley Stewart-Winters of Union City and Robert Stewart of the U-T Martin Music Department will present a program of vocal and piano music in the Music Building auditorium on Monday, April 23 at 8 p.m.

Miss Harriet Fulton of the UTMB Music Department will accompany Mrs. Winters.

Mrs. Winters, who was a winner in the West Tennessee Grace Moore Scholarship auditions in 1956, studied voice under Miss Fulton at UTMB and later majored in voice at U-T Knoxville.

Some of the songs which Mrs. Winters will present are "Jewell Song from 'Faust'" by Gounod, "Caro Nome from 'Rigoletto'" by Verdi, and "Wouldn't It Be Lovely" by Lowe.

Mr. Stewart's program will include "Prelude in E-Flat" by Rachmaninoff and "Sonata in B-flat" by Beethoven. The program will be a family concert, which is being given in honor of the first year.

The recital will be held in the Music Building auditorium on Monday, April 23 at 8 p.m.

Contract Is Let For PE Building

A contract for the construction of a new physical education building at U-T Martin has been awarded to the J. H. H. Construction Co. of Memphis.

The building, which will be located on the campus, is estimated to cost \$100,000 and will be completed by the fall of 1963.

The building will provide space for physical education classes, a gymnasium, and a swimming pool.

The building will be a two-story structure with a total area of approximately 10,000 square feet.

The building will be a modern structure with a variety of facilities for physical education.

The building will be a two-story structure with a total area of approximately 10,000 square feet.

Fact And Legend Have Made Easter Beautiful

By Linda Wheeling

April 22 will be Easter Day. To young children Easter means the early Sunday morning appearance of Peter Cottontail with his baskets full of Easter eggs and candy.

To mothers, Easter means planning for the Easter egg hunt for the children in the afternoon.

To fathers, Easter means the expense of a new outfit for every member of the family.

To older sisters in the family, Easter means a corsage from her boy friend.

To college students, Easter means spring vacation.

To Aunt Ann, Easter means a convention of the fashion-conscious at the church around the corner.

To Uncle Billy, Easter means a fishing trip to the lake, a picnic, and a good time with the family.

To the children, Easter means a day of fun and games, a picnic, and a good time with the family.

To the children, Easter means a day of fun and games, a picnic, and a good time with the family.

flowers tell the Easter story.

Other legends include the putting on of new clothes which is much older than Easter itself. In East York, it is believed that any one not wearing at least one new article of clothing on Easter will have his clothes spoiled by crows.

In Germany, great bonfires are lit on Easter morning, and there, as in hundreds of other places throughout the world, people get up early on Easter morning to watch the sunrise.

In some places in England, a man may lift off her feet any woman he meets on Easter Sunday. If he succeeds in lifting her three times, he's entitled to a kiss or sixpence.

The medieval clergy used to try to evoke from their congregations what was known as the Easter smile by telling funny stories in the pulpit, but the stories got so broad that the practice had to be abandoned.

If there's an east wind on Easter morning, draw water

and wash it in it to avoid the ill effects of the east wind for the rest of the year, says one old legend. Another one says you will have good luck if you see a lamb on first looking out the window on Easter morning, especially a Lamb which is looking at you.

This is the frivolous side of Easter. But Easter can be an uncomfortable holiday for the serious-minded. The pagan in us can enjoy the rite of spring, the new clothes on the street, and the fresh smells in the air. Still, the average churchgoing American believes Easter to be the climax of the Christian year and its meaning cannot be faded or diluted. If we think about Christ's resurrection at all, we are face to face with the most basic question a man can ask himself: the question about his future and destiny in the world of his life.

SWIPING IS FOR KICKS?

The number of practical jokes which are becoming less than jokes on our campus is alarming. By jokes we refer to some of the so-called "pranks" which students pull just for "kicks."

Kicks? What kicks? If many of the little jokes pulled on our campus were presented before a court of jury, the persons responsible would do well to avoid prison sentences or heavy fines.

Some of the activities to which we refer range from swiping salt shakers from the school cafeteria to collecting bookstore money for another student's books.

The T Room personnel have a more than difficult time it seems, keeping ash trays for the tables. At the beginning of each quarter tables are supplied with one ash tray each. To date, since the beginning of this quarter, not quite half the tables in the restaurant still have ash trays. In fact, some tables are even missing such things as napkin dispensers and sugar bowls. According to the T Room staff the replacement of these small items adds up to a sizable additional expense each year, which must be figured into operation expenses. It is very possible that these additional costs may eventually have an effect on the cost of eats at the establishment.

The cafeteria reports loss of sugar containers, salt and pepper shakers and some silverware.

The library misses reference books and numerous students report losses of study material, books and equipment. These stolen properties toss an additional expense on many persons who cannot afford the cost of such jokes.

It is time that we as mature students begin to realize the dangers involved when gags become practical jokes.

Gags which cease to be funny are not jokes. It is time the participants in these activities realize that while some of these activities may be harmless, some get hurt and someone has to bear the expense. It might also be considered that if these destructive and expensive gags continue, we might stand to lose many of the extra services offered on our campus.

SPRING SPORTS NEGLECTED

Why the long faces?

For the benefit of those who might not have read it, UTMB does have a spring sports program. In fact, the program includes four different sports.

Baseball, basketball, volleyball and tennis are the four sports. The baseball team is coached by Coach [Name], the basketball team by Coach [Name], the volleyball team by Coach [Name], and the tennis team by Coach [Name]. The teams are currently in good shape and are looking forward to a successful season.

It is hoped that the spring sports program will provide a good outlet for the students' athletic interests and will also provide a source of entertainment for the campus.

ALL-SING WAS THE THING!

Congratulations to the Future Arts Club for a job well done in organizing and conducting UTMB's first campus All-Sing.

All things considered the All-Sing was quite successful, especially in view of the rainy weather on the night it was held. A crowd estimated at more than 500 persons attended and enthusiastically took part in the two-hour music fest.

It is our firm opinion that All-Sing turned out to be a worthy event, and one that will undoubtedly become an annual tradition on our campus.

CAMPUS CHARACTER—

Versatile GG Always Gets Job Well Done

By Ernestine McCall

"If you want to get a job done, give it to GG; he'll do it," stated a prominent AGR member when asked what he thought about Gordon G. Crewshaw.

Another fraternity brother stated that GG is a natural leader and that he has very profitably used his talents to ward furthering the development of the fraternity. GG, who is a charter AGR member on the campus, has belonged to the fraternity three years. He served as treasurer of the organization two years and also acted as a pledge trainer. This year aside from being an ardent worker on all the fraternity dances, GG was a vigorous worker on the fraternity float which won first place in the Homecoming parade.

GG, his two brothers, Kent and Ned, and Edmond O'Neil make up "The Confederates," a dance band. Aside from playing for many school functions, the band has provided music for political rallies, Navy activities at Millington, Teen Town at the Mid-South Fair and numerous other occasions. Ordinarily at these functions GG plays the piano. However, he is also "at home" with the organ, accordion, guitar and drums. When he was only five he began piano lessons which he continued for nine years. Several years ago his taste changed from classical to rock and roll, and he took up playing by ear because it was quicker. At any rate, three members of this musically inclined family have added to campus functions through their band.

GG is also a very talented speaker. He is well known for putting his point across to his audience in everyday, ordinary words. He has the ability to effectively use slang or even incorrect English to impress his listeners. He is quite capable of entertaining with his speaking at any affair from a campaign speech to a banquet message no matter what his subject may be. Being vice president of ASA is another way in which GG serves the school. Among other jobs he participated in are: representing the Homecoming Queen, instituting a "Vote for Me" campaign, ASA retreat, and being a member of the Student Government. He is presently leading committees for the election of next year's Homecoming Queen and the election of the Strawberry Queen.

Several years ago GG was voted up in the Teenager

GG

of the Year Contest which covers the Tri-State area. Perhaps one of the things which helped to win the title was his devotion to his grandfather. GG and his grandfather

had hunted and fished and done many other things for as long as GG could remember. When his grandfather had a stroke and was disabled, GG moved in with him and cared for him until three years later when he died.

Another point that won the above mentioned title for GG was the building of a swimming pool in the family back yard. Kent, Ned and GG completely built the 50 by 25 foot pool. Their labor included everything from moving the dirt and actually constructing the pool to building the filters and necessary equipment for maintenance. An almost tragic event related to the swimming pool occurred when GG's little sister fell into the pool. GG not only rescued her and gave her artificial respiration, thus saving her life, but he also proceeded to build a fence around the pool.

In high school GG played football, baseball and basketball, was president of both the Beta Club and 4-H Club

two years, and was a member of the Memphis and Shelby County Youth Congress. He was elected Commissioner of Public Works for Memphis's Youth Government Day. He was recipient of a Rotary Citizenship Award. For three years he was a member of his county 4-H crop judging team. Placing first in the county and district and third in the state in a Cotton Production Contest was another of his honors.

During the summers GG farms in the daytime and builds trailers at night.

This versatile young man was married to the former Miss Jan Gray last September and has recently acquired the title of "father-to-be." After GG's graduation in the spring, the couple plans to return to his hometown, Lucy, where he will engage in some type of agricultural work. Politics are also under consideration for his future.

UTMB Cow Attains Outstanding Record

Miss UTMB Coburke Mastepiece 4620774, a three-year-old registered Holstein cow owned by the U.T. Martin Agriculture Department, has completed an outstanding official production record.

The Holstein-Friesian Association of America announced that the cow produced 15,089 pounds of milk and 543 pounds of butterfat in 342 days. In contrast, the annual production of the average U. S. dairy cow is generally estimated at approximately 7,000 pounds of milk containing 265 pounds of butterfat.

UTMB Biology Professor Is Researching Century Plant

Dr. James M. Moore, chairman of the Biological Sciences Department, is continuing research on the century plant which he began a number of years ago when he was earning his doctor's degree.

He stated that the research he is doing is probably the first of this type which has been done at U.T. Martin in its history.

The century plant, of which known as the agave plant, is a member of the amaryllis family. This plant has gray-green leaves, six to seven feet in length, and a flowering stalk which often reaches tree height and bears at the top an open branching cluster of yellowish funnel-shaped flowers.

The Century plant, of which there are about 150 species, is native to Mexico and is found in great abundance in the southwestern states.

The Mexicans use some species to make pulque and mesquite which are two of the national alcoholic beverages. The leaf fibers are used in making strong textile materials and rope.

Dr. Moore stated that the research which he is doing has to do with the developmental changes which the growing plant, or shoot apex, undergoes from the plant seed to maturity and of the buds to adult maturity.

He said that he plans to trace the development of this little known structure in the Agave, Yucca, and possibly other genera of the Dilleniaceae and certain other woody plants. Dr. Moore added that this research will take a number of years.

He pointed out that there are several aspects to the research which he is doing. In one phase of the work he dissects the shoot apex out of the adult plant. It is then embedded in paraffin, sectioned, stained, placed on a slide and

UTMB Biology Professor Is Researching Century Plant

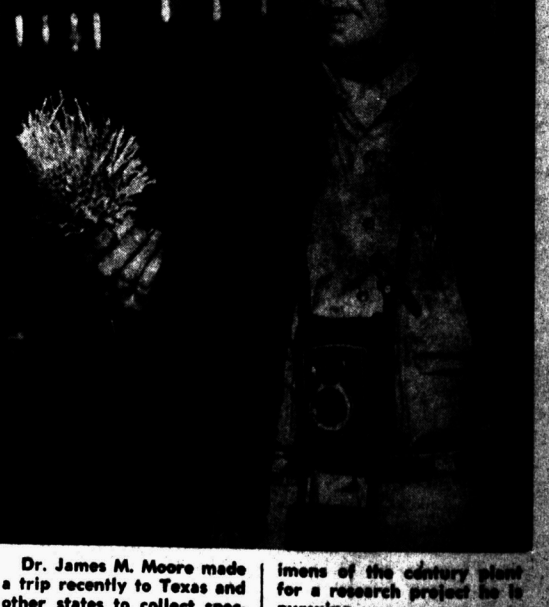

photographed under a microscope. In another aspect of his work, Dr. Moore stated that he plants the seeds and then as they come up he removes them at various ages to determine their growth.

He added that in doing this research there are many separate operations and interpretations of what has happened in the growth of the plants.

Dr. Moore said that his work is very absorbing and that there is "always keen anticipation of what the slides are going to look like and if they will show what you think they will. There is always that chance you will see something which nobody else has ever seen."

He pointed out that he hopes to someday get a grant to finance his work but what he needs most now is more greenhouse space.

Dr. Moore added that little work of this type has been done on any plants, "an aspect that has been neglected."

Dr. James M. Moore made a trip recently to Texas and other states to collect specimens of the century plant for a research project he is pursuing.

CLUBS AND ORGANIZATIONS—

Greeks Elect Officers For Next School Year

Chi Omega
On Thursday night, March 22, the Chi Omega fraternity installed its new officers for 1962-63 at the lodge.

Janice Grissom, Selmer, was installed as president. Other officers are Freda Sue King, Dresden, vice president; Carolyn Askew, Union City, secretary; Janie Warmack, Paris, treasurer; Sue Lynn Boone, Bradford, rush chairman; Edie James, Memphis, pledge trainer; Cile Bramham, Union City, ASA representative; Margaret Haley, Friendship, corresponding secretary; Kathy Pratt, Huntingdon, senior Panhellenic representative; Judy Wright, Martin, junior Panhellenic representative.

sentative; Gloria Wright, Dresden, reporter and Pattie Alexander, Martin, annual representative.

The pledge class presented the chapter with a stereo.

Pi Kappa Alpha

Raymond Newbill has been elected president of the Epsilon Sigma chapter of Pi Kappa Alpha. Other officers are Thomas Boals, vice president; Wade Phillips, secretary; Bobby Curl, treasurer; Danny Hollingsworth, ASA representative and Norman Herndon, annual representative. The 1962-63 sponsors for Pi K Alpha are John Hornoff and Charlie Ercolin.

Eleven men have been initiated into the Pi Kappa Alpha fraternity this quarter: Leon Sudbury, Maurice Bugg, John LaFont, Jimmy Lattimore, Chester Daniels, Franklin Fox, Barry Wood, Al Spivey, Tommy Fisher, Bob Latimer, and Jerry Stanley. The Best Pledge award went to Al Spivey and John LaFont.

The following 21 men make up the spring quarter pledge class: Richard Moseman, Albert Morris, Charles Woodbury, Freddy Hughes, Tom Pearce, Charles Tidwell, Mike Anderson, Richard Rice, Sonny Pitts, Jerry Bethune, Des-

londe Collins, Jim Fortner, Tim Doyle, Gary Belderback, Tommy Moore, David Penton, Curley Poynter, Bill Patten, Jimmy Well, and Tony Phillips.

Dick Moseman has been elected president of the spring quarter pledge class. Other officers are Sonny Pitts, vice president; Jimmy Bivens, secretary; Richard Rice, treasurer and Jerry Bethune, historian.

The pledge class trainers are Gene Treadway, Lowell Crane, Bruce Hill and Lanny Harris.

Plans are now being made for the Pi K Alpha "Dream Girl" Ball to be held May 5.

Alpha Delta Pi

Nine members of the Delta Upsilon chapter recently attended "State Day" in Memphis. A series of meetings was followed by a banquet, where a silver tray was presented to the Delta Upsilon chapter for "efficiency in rush." The chapter was extremely proud of this award because it was the only award presented at the banquet, and because Delta Upsilon was the newest AD Pi chapter at the convention. Each girl seemed to enjoy the opportunity to associate with other AD PIs from over Tennessee.

Delta Upsilon recently held a tea for the member's parents. After the tea, a Mother's Club was formed to assist the chapter in its activities.

The chapter wishes to congratulate Ruby Long who was recently named "Miss Parsons."

The chapter is now in the process of planning their spring social around the Founder's Day theme.

Three pledges, Sandra Westbrook, Patsy Bivens and Jackie Hutcherson will be initiated soon.

Alpha Gamma Rho
Eleven men are pledging Alpha Gamma Rho this quarter.

Mack Jones has been elected president of the pledge class. Other officers include Jimmy Dyer, vice president; John T. Harris, secretary; Larry Speight, treasurer; Charles Howell, reporter and Robert Wright, song leader. Other pledges include Lynn Magness, Woodie Tubbs, George Steward and Sammie Curl.

The AGR's are making plans for their Pink Rose formal to be held May 5. This is the major event of the year for AGR's everywhere and is held in honor of Founder's Day.

Donna Rogers and Jeff Wilkinson won the twist contest at the AGR sponsored "Spring Fever" held at the Strata Club, Friday, April 6.

Music was provided by "The Confederates." During the intermission a floor show was presented with special numbers by Jennie Lou Hall; "The King and I," Peggy Wall and Gene Treadway; and a group of chorus girls: Albert "Bull" Pledge, Frank Fox, James Lattimore and David Penton.

Door prizes, which were donated by various Martin businessmen, were presented throughout the evening.

This was the first open social sponsored by the AGR's, and it was termed a great success by the approximate 200 couples who attended.

Phi Sigma Kappa
Robert Conley has been elected president of the Phi Sigs for spring quarter. Other officers are Jerry Rochelle, vice president; Bob Hurt, secretary and John Clark, treasurer.

Spring rush was carried out successfully with two parties at the fraternity house.

Jerry Owen is president of the spring quarter pledge class. Other officers are William Nobles, vice president and Ralph Lewis, secretary-treasurer.

Two important functions this quarter have been the Mother's Club meeting and the activities during UTMB's Open House. Approximately 150 people visited the fraternity house that day.

Main Men's Dorm
The dorm is making plans for a closed social April 28. The tentative plans include a picnic at Reelfoot Lake.

There was a special effort on the part of the boys to clean up their rooms for Open House.

Y. F. & H.
The Y. F. & H. was host to the Obion County Y. F. & H. at a social held Monday, April 9. The UTMB's taught their guests some new folk dances. Refreshments were

Donna Rogers and Jeff Wilkinson give an exhibition of the twist. They were declared champion "twisters" at the AGR "Spring Fever" dance held recently at the Strata Club.

Donna And Jeff Are '62 Twist Champions

Donna Rogers and Jeff Wilkinson were named "Champion Twisters" at "Spring Fever" held at the Strata Club April 6.

Donna, a freshman in liberal arts from Knoxville, said, "The twist just came naturally for me."

Jeff, a sophomore in liberal arts from Jackson, said, "It didn't come naturally for me; it took me four months to learn."

UTMB '62-'63 Catalogs Arrive

The 1962-1963 catalog of The University of Tennessee, Martin Branch, is just off the press and copies are being distributed. Bursar Gene Stanford announced today.

The new catalog cover has been done in Orange and White and is readily recognizable as a publication of The University of Tennessee.

Several picture pages have been included in the new publication. Page 3 of the catalog will probably be much scanned by both returning and new students, since it contains the calendar for 1962-63.

served to approximately 30 students and guests.

Reed Hall
Jane Brooks has been elected vice president of Reed Hall.

Business Club
The Business Department sponsored a showing of office machines during Open House. Representatives of various machine companies in this area gave demonstrations of their equipment.

SNEA
The Student National Education Association is making plans to send a group of old and new officers to the state convention at Austin Peay College in Clarksville on April 27.

Bob Dawe and Linda Woodard shared with the group some of their first experiences with student teaching.

April is "Teacher Career Month," and this will be the topic of the April 16 meeting. A \$6 door prize will be given.

Wesley
Holy Week Services are being held at Wesley Foundation this week, April 16-19 at 6:50 a.m. with Joe Stroud the guest speaker. All are invited to attend these services.

Tomorrow night at the weekly Wednesday night service, Ann Townes will speak on "Faith."

Other events on the Wesley calendar include State Methodist Student Movement Retreat to be held April 27-29 at Bethany Hills near Nashville. Rev. Donald Moorehead, director of the Wesley Foundation, Murray State University, Murray, Kentucky, has been invited to be the guest speaker at the annual Spring Retreat which is scheduled for May 6.

Faculty Women's Club

A Faculty Dutch Supper, sponsored by the Faculty Women's Club, was held in the U-T Martin cafeteria on Friday night, April 13.

Phi Sigma Kappa, winner of the fraternity division of the recent campus All Sing, entertained the group with selections from "My Fair Lady." They were led by Mrs. James R. Burdette and accompanied by Betsy Barton at the piano.

The committee for the supper were Mrs. Adie McRae, chairman; Mrs. Paul Phillips, Mrs. Murray Fussell, Mrs. Paul Horne, and Mrs. Ed Chennette.

ROTC Inspection Conducted Here Mostly Indoors

The Department of Military Science was inspected by a team of officers from Nashville, April 11.

The inspecting Army officers were Col. R. E. Funk and Col. G. E. Wright. Sgt. J. H. Reynolds accompanied the two inspecting officers.

Capt. Dana Tumire, assistant professor of military science, stated that the purpose of the visit was "to check adequacy of instruction, the attitude and participation of students in classes and drills, and to see that the cadre are complying with ROTC regulations."

Battle Group Commander Cadet Col. Francis and staff officers Bullion, Carroll, Chance and Donnell met with the inspecting officers at 7:30 a.m. and briefed them on their specific duties and the activities of the Battle Group.

Following this the inspectors checked the administrative and supply system of the Military Science Department and went over the records of the cadets. During the morning they also visited one freshman and one sophomore class.

From 1 to 3 p.m. a formal inspection of the Battle Group was conducted with the cadets in dress uniform and carrying weapons.

Because of rain Companies A and B and the Band were assembled in the gymnasium, while Company C and the Drill Team formed at the National Guard Armory.

Capt. Petty stated that following the inspection Col. Funk expressed his admiration for the UTMB corp of cadets, the way they conducted themselves and their over-all neatness and appearance.

He pointed out that Col. Funk seemed to be amused at the answers he got to some questions, one in particular in which he asked a cadet how far his rifle would shoot. The cadet replied, "Sir, it won't shoot because it doesn't have a firing pin."

Capt. Tumire stated that last year the Battle Group and Military Department was rated Superior, which is the highest possible. He added, "Although the official report will be sent to Dean Paul Meek later, indications are that the school will get a very high rating again this year."

Partain Nominated For BSU President

Leon Partain, junior, nuclear engineering student at the University of Tennessee and formerly a student at U-T Martin, has been nominated for president of the Tennessee State Baptist Student Union.

Leon will vie against four other candidates when the representatives of 15,000 Tennessee Baptist students meet in mid-April to select their leaders for the coming year.

Alice C. And Vivien Give Joint Recital

A program of piano solos and ensembles was presented in a joint recital on Monday night by Alice Clare Freeman and Vivien Gore in the Music Building auditorium.

Both Miss Freeman and Miss Gore are seniors this year. Miss Freeman is majoring in home economics, and Miss Gore is an agriculture major. Both have been active in music during their four years at U-T Martin, and this was the third joint recital they have presented.

Encores were the themes from "The Apartment" and "Exodus" arranged by Fer-rante and Teicher.

Math Contest To Be Held April 24

The Sixth Annual Statewide High School Mathematics Contest will be held on April 24, one of the testing centers being at U-T Martin.

According to Miss Louise Knifley of the UTMB mathematics department, 26 schools from eight counties have indicated that they will participate in the four divisions of the contest. Those counties are Weakley, Benton, Carroll, Dyer, Gibson, Henry, Lake and Obion.

The four divisions of the contest are Algebra I, in which 74 students are expected to compete; Algebra II, in which 71 are expected; Plane Geometry, 59 are expected and Comprehensive division in which 31 are expected to compete.

Each contestant will receive a certificate of participation, and awards for superior performance on the examination will be presented. Winners of 1st, 2nd, and 3rd places in each testing center will be awarded certificates of merit. Higher awards will be received as winners advance to regional and state competition.

UTMB Players Get Great Receptions

The U-T Martin chorus and members of "The Boyfriend" cast have received tremendous receptions from audiences during their tour of various high schools in recent weeks, according to chorus members.

The first on-the-road performance was presented for Milan High School on March 28. The program included four concert numbers by the chorus and selections by the Girls' Ensemble and "The Squires." The remainder of the program was presented by the cast from "The Boy Friend" who gave excerpts from the play. Another appearance was made at Trimble for grades 1-12 on the same day.

Other presentations have been made at Obion on April 3 and Huntingdon on April 10. On the night of April 12, the chorus, accompanied by "The Squires," soloists, modern and folk dancers and some of the clowns from Carnicus, provided the entertainment for Dresden High School's Junior-Senior Banquet at the Greystone Hotel in Paris.

1,000 Came For Open House Day

Approximately 1000 high school seniors from all over West Tennessee registered here on Thursday, April 15, making this year's Open House a success in spite of damp weather.

With college classes excused for the day, high school seniors and UTMB's alike participated in the events of the day.

After registration at the gymnasium, the visitors left in groups of thirty on guided tours of the campus, led by UTMB students. Points of interest on the tours included the main men's and main women's dormitories, Volunteer Lodge, the new EPS Building, the library and A-B-L Building, Administration Building, and Home Economics Building. Two attractions this year were a display of The Volute printing procedures and refreshments served in the Home Economics Building.

Sack lunches were served in

the gymnasium, and a special program was presented by UTMB students. After lunch the ROTC presented a special drill parade. Department heads were on hand for the remainder of the afternoon for conferences with prospective students.

American homemakers open 55 million cans and jars of food each day, according to the National Canners Association.

From The Sidelines

By Ronnie Gill

Spring sports are underway at UTMB. With exception of golf all of the teams have participated in contests.

The men's tennis team won their opener against Austin Peay, 6 to 3. Florence State and David Lipscomb handed the Vols two defeats, 6 to 1 and 9 to 0. The Freed-Hardeman contest was cancelled and will be rescheduled later.

Current talk around the gym is of a "Sports Day" program with Bethel, Freed-Hardeman, and UTMB teams participating. Proposed events include track, tennis, and some indoor games.

Track coach Ross Elder said his thin clads show signs of progress even though they have failed to win a meet. Arkansas State, Murray State, Austin Peay, and David Lipscomb have bested the Vols in

recent meets. Coach Elder was referring to his boys who have won events in their category. These included Wilbur Edmiston, broad jump; Jim Love, pole vault; Gene Brodie, javelin; Bob Zachary, discus; and Jerry Bethune, shot put. All of these boys are practicing football in spring practice everyday. If the emphasis was on track alone no doubt we who hold our own with anyone around here.

April 26 climaxes spring football practice with the third annual Orange and White game. The series is even with each team posting a victory. To many sideliners, including myself, this should be the most exciting yet. The boys are hitting hard and running good. If you haven't been out to see them practice, it would be worth your while.

Coach Page's golf team is getting in some practice these days. The Fulton County Club pro remarked last Saturday that UTMB boys are taking over the course. It's too bad that we don't have a course to play our matches here on the campus. This limits the golf program tremendously.

The baseball team is still on the road. They have a present record of 1 and 3. They are improved over last year. We should have a good crowd for the first game on April 26 against David Lipscomb.

UTMB's 1962 baseball team — front row (l. to r.): Randall Pitts, Dave Walker, George Steward, Jerry McDuffie and Roger Shore.

Second row: Eugene Bell, James Patrick, Wayne Hampton, James Corder, Billy Tines, Mike Wilkins and Zade Patterson. Back

row: David Stroud, Bill Latham, Don Speight, Bill Jackson, and Vic Jordan.

UTMB Nine Posts One Win And Three Loses

The UTMB baseball team posted a record of one win and three losses in its first four games of the season. Three of the four games were decided by one run.

The Vols opened their season with a doubleheader against Bethel College at McKenzie. UTMB lost the opener 1-0 in a 7-inning game and then dropped the nightcap 4-3 in 10 innings. The Vol pitchers, McDuffie and Stewart, pitched good ball but errors by the usually reliable Patrick at second base led to the defeats.

The only run of the opening game came in the first inning. Bethel had two men on by walks with one out as Elliott forced Matlock at second but was safe at first on a wild throw by Patrick, the other runner scoring.

UTMB had its only threat in the first when Patrick and Walker singled. Other than the first, neither team got a runner past second base. Each team got two hits.

UTMB took a 2-0 lead in the second on a hit by Stroud, a walk by Walker, and two Bethel errors. Bethel got one run back in the third on a walk and an error by Patrick. It tied the score in the 4th on two hits.

UTMB went ahead in the sixth on a walk and two more Bethel errors and led 3-2 going into the 7th and final inning. However, Bethel tied the score with two out on an error by Patrick and then one in the tenth on a single after UTMB had appeared out of a jam by a doubleplay.

UTMB won its first game of the season April 13 with a 6-5 win over Freed-Hardeman College at Henderson. McDuffie was the winner and Wilkins led the hitters with 4 for 4.

After F-H jumped off to a 3-0 lead in the first inning, UTMB tied the score in the second. Big blows of the rally were a bases-loaded double by Tines and a single by

Hollingsworth. UTMB went ahead 4-3 in the fourth on a hit by Wilkins and made it 5-3 in the sixth on a hit by Walker.

After F-H pulled up to 5-4 in the 8th, UTMB got the eventual winning run in the top of the ninth on Willin's 4th hit. F-H's Glover homered in the last of the 9th but McDuffie struck out the final two batters.

UTMB dropped its third game of the season April 14 when it lost to Austin-Peay 6-2 in a game played at Ft. Campbell. The Vols outthrew the winners 8-5 but could not get the big hit when they needed it.

UTMB took a 2-0 lead in the first on a single by Stroud which followed singles by Patrick and Walker and a double-steal. A-P got single runs in the second and third and went ahead in the 5th on a home run by Rodgers. They added two more in the 6th and 1 in the 7th.

James Pritchett receives most valuable player trophy award from Coach Floyd Burdette at the basketball

banquet held April 7 at the Gateway. The 6 foot, 7-inch center was also the best rebounder for the season. Bob

Kurland, former All-America cager at Oklahoma A.& M. (left) looks on approvingly.

James Pritchett Named Most Valuable

James Pritchett, a 6-7 center for The University of Tennessee at Martin, received the most valuable player trophy for the second time at a banquet Saturday night, April 7, honoring the basketball squad.

Pritchett, a recent special mention choice for the 1962 NAIA All America team, was also named the best rebounder for the season.

Joe Hudson, a senior forward, was named as the best defensive man for the year.

The banquet was highlighted with the presence of Bob Kurland, a former Oklahoma A&M star, who was a two time member of the U. S. Olympic team and the youngest member of the basketball Hall of Fame. He is presently employed by Phillips 66 Petroleum Co. F. G. Cavin Jr. of the Mar-

tin Bank, an ardent sports fan, was the principal speaker at the affair. Coach Floyd Burdette awarded letters to 12 members of this year's squad. They included Bob Hauser, Joe Hud-

son and Dave Walker, seniors; James Pritchett, Roger Shore, Norman Gher and Jim Swope, juniors; Bob Fry, Dolph Larimer, Larry Powers, Jerry Rawls and Joe Smith, sophomores.

Grove Cops Top Honors In Speech

The Tennessee Speech and Drama League held its annual contest on the U-T Martin campus April 7 with top honors going to Grove High School of Paris.

The students from Grove walked off with first place awards in extemporaneous speaking, declamation, dramatic reading, boys oratory and debating.

Milan High School was second having winners in humorous reading, girls oratory, and poetry interpretations.

Third place went to Dresden High School, which won in the one-act play category.

Extemporaneous speaking was won by David Brown of Grove, declamation by Jacquelyn Holland of Grove, one-act play by Dresden, humorous reading by Lee Ann Reynolds of Milan, dramatic reading by Charlotte Owens of Grove, boys oratory by Ben Jobe, Jr., of Grove, girls oratory by Mary Ross of Milan, poetry interpretations by Char-

lene Barlow of Milan and debate by Grove High.

The United States is the world's second largest agricultural importer, accounting for about one-sixth of world agricultural imports. Running slightly ahead is the United Kingdom.
